Chapter 1 of 1

Ever wondered how our stern Potions master copes with Cassandra's pregnancy?

'Tell me that you are *not* going to eat this!'

'Why not, love?'

'It is pickled herring and strawberry jam.'

'I fail to see the problem. I like pickled herring. And I like strawberry jam.'

'Certain things should not be mixed. Like Slytherins and Gryffindors.'

The comparison led to nothing but an annoyed grunt. And the pickled herring and strawberry jam sandwich was devoured with gusto.
