DEAR DIARY

by Fervesco

MA (NC-17) or whatever you fancy to call very naughty smut

Severus Snape/Whoever you like!

Righty...you've made it to Ferv's interactive 'Dear Diary.' This is an *ahem* edited version of my fic Dear Diary, twisted for several purposes:

1. A way of relieving that pesky Mary Sue that lives within us all to allow us to get on with some *cough* real writing.
2. A way of getting pissy at Snape in order to write a decent version of him *I hope!*
3. And most importantly....FUN AND SMUT!!

It's all very easy. Just follow the link, fill in the form, press 'Create Story' and enjoy!

(And pretty, pretty please with chocolate covered Severus on top (or bottom, up to you) review afterwards!)

***Headmistress's Note: There will be a link at the end of the story that will bring you back to this page so reviewing will be easy.**
